Teddy Bears for Kids

The Center for Child Protection has an incredible staff who spends time with children before and after their forensic interviews and medical exams, always making sure they leave the Center feeling confident and in good spirits. After an interview or exam, the children are given a brand new teddy bear or stuffed animal.

The teddy bear not only provides comfort and a sense of safety during a difficult time, it also represents a new beginning. It’s new, it’s different and it’s something to remind them that their friends at the Center will always be there for them.

With a continually increasing number of children visiting the Center each day, we ask for your support in keeping our teddy bear and stuffed animal supply fully stocked.

To make a donation, contact Brittany Williams at bwilliams@centerforchildprotection.org or 512-472-1164.
