Did you know that everyone in Texas is a Mandated Reporter? Texas law requires that any person suspecting that a child has been abused or neglected must immediately make a report.

As an Awareness Ambassador in partnership with @center4cp, we want to highlight how important it is to take action. Reporting abuse can save a child's life and connect families in need to critical resources. It's not about getting someone in trouble, it's about keeping children safe.

Don't wait. If you suspect abuse, report it!
