

OVERVIEW OF FINANCIALS

The Center for Child Protection spent \$3,975,214 toward total operations and held \$7,978,393 in net assets at the end of 2014. The generosity and support of our donors is essential to providing services to the children in Travis County. We could not respond to the level of need without the community's involvement and commitment.

REVENUE		EXPENSES

\$7,701,219 START OF YEAR → \$7,978,393 END OF YEAR

To see a complete list of our donors who contributed \$500 and above in 2014, please visit centerforchildprotection.org/about-us/financial-information.

Dear Friends,
In 2014, there were 66,572 confirmed child abuse cases in Texas. This does not even begin to cover the incidents that are not reported or are unknown. Unfortunately children aren't always able to openly talk about their abuse. It is our job as adults to serve as advocates and help them take back the life they deserve.

Last year the Child Protection Team celebrated 25 years of service and commitment to identifying children who are living with abuse, investigating the abuse and creating a safer environment. The CPT is a group of committed professionals, including law enforcement, Child Protective Services, prosecutors, child advocates, medical professionals and our community, working each day to respond to reports of abuse.

It is the team's overall vision to end the cycle of abuse through advocacy, education and community support. With your support, we are able to provide education to the public through our Spot It. Stop It. campaign. These powerful messages create a sense of urgency to learn the signs of abuse so we can begin helping children now, rather than later. We encourage you to visit SpotItStopIt.org, share the message with others and speak up for the children who need us.

Thank you for your support, your passion and your desire to help the most vulnerable children in our community.

Michael Torres, Executive Director
